In the course of providing service to you, we create, receive, and store health information that identifies you. It is often necessary to use and disclose this health information in order to treat you, to obtain payment for our services, and to conduct health care operations involving our office.

We have a comprehensive Notice of Privacy Practices that describes these uses and disclosures in detail. You are free to refer to this Notice at any time before you sign this consent document. As described in our Notice of Privacy Practices, the use and disclosure of your health information for treatment purposes not only includes care and services provided here, but also disclosures of your health information as may be necessary or appropriate for you to receive follow-up care from another health professional. Similarly, the use and disclosure of your health information for purposes of payment includes our submission of your health information to a billing agent or vendor for processing claims or obtaining payment; our submission of claims to third-party payers or insurers for claims review, determination of benefits and payment; our submission of your health information to auditors hired by third-party payers and insurers, among other aspects of payment described in our Notice of Privacy Practices. Our Notice of Privacy Practices will be updated whenever our privacy practices change. You can get an updated copy here at the office or from our Web site.

When you sign this consent document, you signify that you agree that we can and will use and disclose your health information to treat you, to obtain payment for our services, and to perform health care operations. You can revoke this consent in writing at any time unless we have already treated you, sought payment for our services, or performed health care operations in reliance upon our ability to use or disclose your health information in accordance with this consent. We can decline to serve you if you elect not to sign this consent form.

You have the right to ask us to restrict the uses or disclosures made for purposes of treatment, payment or health care operations, but as described in our Notice of Privacy Practices, we are not obligated to agree to these suggested restrictions. If we do agree, however, the restrictions are binding on us. Our Notice of Privacy Practices describes how to ask for a restriction.

**EYEGLOSS MATERIAL** There are many various materials that can be used to fabricate eyeglass lenses. We discourage the use of glass lenses, as they are the **HEAVIEST** and **LEAST SAFE** to wear. We recommend plastic. When safety is a major concern (industrial safety glasses, sports goggles, etc.), polycarbonate plastic is the **MOST IMPACT RESISTANT** material to use. Please ask us if you have any questions about your material choices.

**DILATED RETINAL EVALUATION** In order to provide the most thorough eye exam possible, we routinely dilate the pupil. This is done at all complete exams and at many emergency office visits. Although we realize that many of our patients drive themselves after the exam, we recommend that someone else drive you if possible.

My signature on this form will serve as a " SIGNATURE ON FILE " for processing any applicable insurance claims. I realize my insurance may deny benefits if it feels I have received examination too frequently or received exams by more than one doctor for the same illness. I agree to pay for services and / or materials, which I order but my insurance does not cover. **With the exception of Medicare and Medicaid claims, I will pay directly to this office any unpaid insurance claim that reaches 60 days past due.** I HAVE READ THIS CONSENT AND UNDERSTAND IT. I CONSENT TO THE USE AND DISCLOSURE OF MY HEALTH INFORMATION FOR PURPOSES OF TREATMENT, PAYMENT, AND HEALTH CARE OPERATIONS.

I ACKNOWLEDGE THAT I RECEIVED A COPY OF THE NOTICE OF PRIVACY PRACTICES FOR THIS OFFICE.
